## Kit Assembly

### ISO DDIN radio provision

1. Remove the brackets from the factory radio.
2. Secure the brackets to the aftermarket radio using the screws supplied with the aftermarket radio. (Figure A)
3. Locate the factory wiring harness and antenna connector in the dash. Metra recommends using the proper mating adapters from Metra and/or AXCESS.
4. Place the *ISO DDIN trim plate* on the front of the radio. (Figure B)
5. Reassemble the dash in reverse order of disassembly.
